ALEXANDRIA, VA., SATURDAY EVENING, MAY 5, 1906.

PRICE 2 CENTS.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as proposed by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies that are extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry, Bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpid liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if you need a good, safe, reliable remedy of known composition for the cure of almost any old chronic, lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 51 stamps.

Trunk Lines Indicted.

The federal grand jury in New York which has been investigating the charges that rebates were secured by the American Sugar Company from the trunk lines running out of New York and from other railroads yesterday appeared before United States Circuit Judge Holt and handed down seven indictments against corporations and individuals and a presentment recommending a continuance of the investigation.

The indictments were sealed and placed in the custody of John A. Shields, clerk of the court. The indictments are against the following:

The New York Central Railway.

The American Sugar Refining Company.

The New York Central and Hudson River Railroad Company and Nathan Guilford, vice president of the company.

The American Sugar Refining Company of New York and C. Goodloe, Edgar and Edwin Earle, the latter two being wholesale sugar dealers of Detroit, Mich.

The New York Central and Hudson River Railroad Company and Nathan Guilford, vice president, and F. L. Pomeroy, general traffic manager.

The American Sugar Refining Company and the American Sugar Refining Company of New York, and C. Goodloe, Edgar and Edwin Earle.

The first six indictments were found under the Elkins anti-trust law, which provides penalties of a fine not exceeding \$10,000, or imprisonment not exceeding two years, for giving, granting, applying for or accepting any rebate or concession from the regular freight rates as published by a railway company as a common carrier.

The seventh indictment found against Guilford, Pomeroy, Edgar and Earle charges them with having collectively conspired to violate the provisions of the Elkins anti-trust law.

It is not probable that any of the defendants will be arrested on warrant, but all will be notified by the federal authorities that an indictment has been found, and be requested voluntarily to appear and give bail for an appearance at the next term of the federal court in June.

In the case of a corporation it is presumed that the president or some other important executive officer of the company will appear and answer to the indictment.

Negro to be Hanged.

Gabriel Bataille, the negro boy charged with criminal assault on Lena Rodgers, a half-witted white girl, and who was removed from the jail at King George Court-house Monday night by the military company of Fredericksburg, and placed in the jail in that city for safekeeping, was returned to King George yesterday under escort of Company L, Seventeenth Virginia Regiment, Capt. M. B. Rowe, with two lieutenants and 42 men, to stand trial.

A jury was impaneled without much trouble. The prisoner being without attorney, the court assigned George Mason, of Colonial Beach, to represent the accused. The attorneys agreed to submit the case to the jury without argument. After being out 20 minutes the jury returned with a verdict of guilty and fixed the death penalty. Judge Mason at once passed sentence on the prisoner, setting the date of his execution Friday, June 8. The prisoner prior to the passing of sentence was cool, but afterward broke down. His mother, who was in the courtroom, broke down and had to be taken from the room. While the witnesses were giving their testimony the courtroom was cleared. By permission of the judge, the courtroom was open to the public when the verdict was announced, which was received without a murmur by the crowd. The prisoner was returned to Fredericksburg last night with the military and placed in jail there for safekeeping until the date of his execution, when he will be returned to King George.

Murdered by Natives.

A dispatch from Pietermaritzburg, Natal, says that an outrage which may have serious consequences has occurred in Zululand. Mr. Stainbank, the British magistrate at Mahlabatini, Zululand, has been killed by Zulus while collecting taxes near that place. Mr. Stainbank, his wife, a woman companion and some mounted police were caught in an ambush by hostile natives, who fired a volley at them. The magistrate and one of the policemen were fatally wounded. Stainbank and the two ladies managed to reach Mahlabatini, where the magistrate died of his wounds. Mahlabatini lies to the westward of the forest where Bambata, the insurgent chief, formerly the regent of the Greytown district, Natal, who has been in arms against the local authorities for a month past, had been hiding, and it is asserted that there seems to be no doubt that the rebel chief has succeeded in inducing another tribe of Zulus to join in the revolt.

To Regulate Street Preaching.

Commissioner West of the District of Columbia moved yesterday that the corporation counsel of the District be instructed to draft a police regulation to govern street preaching, through per-

mits issued by Maj. Sylvester, chief of police, the permit being subject to the control and authority of the Commissioners. This action is the result of a controversy which has been carried on for some time. A month ago Maj. Sylvester recommended that a special committee of representatives of churches be appointed to investigate conditions. He suggested that every person wishing to speak on the streets be compelled to obtain a permit, and that the applicant must have the approval of the special committee. This recommendation of the major met with the approval of a number of prominent ministers in the city, the Central Union Mission, and other smaller organizations engaged in street preaching work.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica cure," says A. C. Sylvester, of W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at E. S. Leadbeater & Sons' druggists.

Women in Our Hospitals

Appalling Increases in the Number of Operations Performed Each Year—How Women May Avoid Them.

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients lying on those snow-white beds women and girls, who are either awaiting or recovering from serious operations.

Why should this be the case? Simply because they have neglected themselves. Female troubles are certainly on the increase among the women of this country—they creep upon them unawares, but every one of those patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at the right of the abdomen, nervous exhaustion, pain in the small of the back, dizziness, flatulency, displacements of the organs or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from surgical operations.

When women are troubled with irregular, suppressed or painful periods, weakness, displacement or ulceration of the organs, that bearing-down feeling, inflammation, backache, bloating (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, they should remember there is one tried and true remedy.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

The following letters cannot fail to bring hope to despairing women.

Miss Ruby Mushrush, of East Chicago, Ind., writes:

"I have been a great sufferer with irregular periods and female trouble, and about three months ago the doctor, after using the X-Ray on me, said I had an abscess and would have to have an operation. My mother wanted me to try Lydia E. Pinkham's Vegetable Compound as a last resort, and it not only saved me from an operation but made me entirely well."

Mrs. Alice Berryhill, of 313 Boyce Street, Chattanooga, Tenn., writes:

"Three years ago life looked dark to me. I had ulceration and inflammation of the female organs and was in a serious condition. My health was completely broken down and the doctor told me that if I was not operated upon I would die within six months. I told him I would have no operation but would try Lydia E. Pinkham's Vegetable Compound. He tried to influence me against it but I sent for the medicine that same day and began to use it faithfully. Within five days I felt relief but was not entirely cured until I used it for some time."

"Your medicine is certainly fine. I have induced several friends and neighbors to take it and I know more than a dozen who have female troubles and who to-day are as well and strong as I am from using your Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass.

SATURDAY EVENING, MAY 5, 1906.

PRESIDENT ROOSEVELT has agreed to a compromise on the rate question, as was stated in yesterday's Gazette. The fight is over, and the Hepburn bill, as passed by the House, with a slight amendment conferring jurisdiction upon the courts, is to be passed by the Senate. The Republican Senators have prevailed over the efforts of the President to obtain such legislation as would certainly effect the purposes he has had in view. The President met the newspaper correspondents yesterday evening and announced his willingness to accept the amendment, which is to be offered by Senator Allison. Mr. Roosevelt, while explaining that he would have slightly preferred the Long amendment, says he believes that the Allison amendment does not materially alter the Hepburn bill, as approved by himself and the Attorney General and as passed by the House. The measure to be adopted is viewed with such doubt and perplexity that, until the courts have passed upon it, and demonstrated whether its enforcement is possible, the country will not know whether anything has been gained beyond a mere declaration of sentiment.

THE MESSAGE of President Roosevelt endorsing the report of Commissioner Garfield on the workings of the Standard Oil Company which was read in Congress yesterday was a bombshell, causing no little consternation in that gigantic corporation, as well as in others who carry on business on the same lines. Twenty-five or thirty millions of people in the United States, heads of families, have for years been bled for the amassing of millions by magistrates who hardly know what to do with their ill-gotten gains. The method pursued by these combinations should have been suppressed long ago, but for some reason plans in this direction have never materialized in Congress. The President has performed his duty to the country; it is now for the representatives of the people to act in the interest of those who have elected them, and it remains to be seen whether or not Mr. Roosevelt's recommendations will be adopted after the expose made by Commissioner Garfield.

DISPATCHES from Pennsylvania today show that there is to be no strike in the anthracite coal fields. The miners will, at the instance of Mr. John Mitchell, return to work and continue operations for three more years under the award of the strike commission. This news will be hailed with delight by thousands of persons who have for some time been apprehensive of the outcome of the miners' convention held at Scranton today. The members have manifested conservatism, showing themselves to be anything else than implacable. It is hoped that in future relations between the miners and operators will be cordial.

THE Standard Oil Co., in denying the charges made by the President in his message to Congress, among other things says: "The grief which the President expresses over the inability of the railroads to combine and protect themselves from the shippers will probably arouse amusement. The Standard Oil Company furnished the facts and a man with a muck rake dug out such and such manipulation he felt would prove damaging." The Standard was using the old trick of trying to laugh the President out of court but in this case it will fail.

AT ALBUQUERQUE, N. M., yesterday, Corporal James Tanner, Commander-in-Chief of the Grand Army of the Republic, who is on his way to Los Angeles, Cal., said, according to statistics compiled by himself, the veterans were dying at the rate of 5,000 a month. The corporal's statistics and those at the pension office do not agree.

From Washington.

Clarence W. Watson, president of the Consolidated Coal Company of West Virginia and head of the syndicate which recently acquired the holdings of the Baltimore and Ohio Railroad in the Fairmont district, positively declined to furnish the Interstate Commerce Commission today with a copy of the contract by which the purchase was made. The contract, Watson said, was a private matter. Throughout the hearing the witness became irritated. At one time he told Mr. Glasgow to ask sensible questions, saying that he did not have time to consider others. Commissioner Clements, who was presiding, instructed Mr. Glasgow to ask the witness the same question. When asked to give the names of those associated with him in the syndicate which bought the Consolidated Coal Company, Mr. Watson said it took too long to give the initials, but upon persuasion gave these names: J. H. Wheelwright, H. Robert Black, S. L. Watson, J. E. Watson, A. D. Kline, M. L. Black and L. N. Malone. Nearly all morning was spent in trying to learn from Mr. Watson if any officials of the Baltimore and Ohio were now in any way interested in coal in the Fairmont district. He said he knew of none, other than those he mentioned several

days ago. Mr. Glasgow said to witness after an answer to a question in this regard had been made that he had misunderstood the question. "Yes, I have a reputation for being done," was the retort. Mr. Glasgow differed with him. Arthur Hale, superintendent of transportation of the Baltimore and Ohio, testified regarding private cars and car distribution. P. F. Berry, of Detroit, Michigan, told of the loss of money in the Southern Coal Transportation Company, owner of mines in the Fairmont district. He had failed to make a success there because of the Baltimore and Ohio not furnishing him with cars. He sold out to Wheelwright and C. W. Watson.

Fiscal vote on the railroad rate bill the Senate by next Thursday and final adjournment of Congress by the 15th of June or earlier, is the programme of the leaders in Congress. There are evidences all along the line of a determination to put on steam and rush legislation through as soon as the rate bill is out of the way. An illustration of this is the fact that the slow-moving finance committee has been having daily sessions recently to clear up its business. Today its sub-committee will begin its hearing on the free alcohol bill. The pressure for favorable action on the bill has become very strong and it is now believed that it will become a law before the end of the session. Because it took the Senate yesterday just two hours and a half to discuss and vote upon the very first amendment offered to the railroad rate bill it does not follow that there is going to be similarly extended debate on the important amendments that are yet pending. The agreement between the republican factions to adopt an amendment specifically conferring jurisdiction on the circuit courts to hear suits brought against the Interstate Commerce Commission will materially shorten the discussion on that feature which has been regarded as the most important in the bill. It is possible that there will also be an agreement before Monday to accept an amendment prohibiting the issuance of injunctions to suspend the operations of the Interstate Commerce Commission without the concurrence of two judges. Other important amendments that will be adopted probably without great discussion. As soon as final action is had on this bill the Senate will proceed to rush work on the big appropriation bills. The naval appropriation bill will remain under consideration in the House next week. After its passage the sundry civil appropriation bill will be submitted.

News leaked out today of a sensational encounter between Senator Penrose, of Pennsylvania, and Senator Tillman, of South Carolina, behind closed doors of the Senate late yesterday afternoon. It was precipitated by Mr. Penrose, chairman of the committee on post-offices and postroads, attempting to have a day fixed for taking a vote on the confirmation of Benjamin F. Barnes, assistant secretary to the President, who has been nominated as Postmaster of Washington, while Mr. Tillman has been bitterly opposing on account of the rough treatment of Mrs. Minor Morris from the White House in January. Mr. Tillman objected, and on explanation of his attitude declared that there was considerable of the mule about him. "There is no use of the Senator explaining what is so well known by the Senate," he exclaimed Mr. Penrose, who as chairman of the committee on post-offices and postroads has charge of the Barnes nomination. "If in fact you think that the Senator from South Carolina is really an ass," he continued, with emphasis. In a moment there was an uproar. Mr. Tillman denounced the Pennsylvania Senator, and angrily threatened to expose certain things about the Senator which he said were not to his credit. "The Senator can use his pleasure, either behind closed doors, or in open session," scornfully retorted Mr. Penrose. "He knows nothing of me of which I fear publicity. I have some affidavits from prominent people in South Carolina on account of the Senator and I will be glad to insert them in the Record at the same time." Before the incident, which some feared might lead to a physical encounter, got any further, the Senate adjourned.

According to a bulletin issued by the Census office today, the amount of capital invested in the leather industry in the United States has increased from \$178,977,421 in 1900 to \$242,584,214 in 1905. The wages have increased from \$1,000,000,000 in 1900 to \$1,250,000,000 in 1905. The value of the products has grown from \$204,000,000 to \$252,000,000.

The Sultan of Turkey has sent a dispatch to the State Department expressing his great sympathy for the sufferers at San Francisco and for the United States in the San Francisco catastrophe. The Sultan requests that if his government is in any way able to render assistance he be permitted to render such aid.

In order to set at rest a misconception as to the President's attitude toward the railroad rate bill, a statement was made at the White House today, which says: "The so-called Allison amendment, in the President's judgment, simply states affirmatively what the President believes is already contained in the Hepburn bill; but if there is the slightest doubt as to its being thus already contained in the bill, the President would insist upon its being put in, because, unless it is contained, the bill undoubtedly would be void."

News of the Day.

An official note issued by the new Russian government says the new ministry does not mean reaction, and that the Emperor and the new Premier have the full honorable intention of carrying through the idea of national representation.

The Senate yesterday adopted Senator Lodge's amendment to the railroad rate bill placing oil pipe lines under the provisions of the rate bill. Amendments by Senator Eoraker to omit refrigerator cars from the provisions of the bill and by Senator McCumber to prohibit extortion for their use were defeated. In the House the navy and the tariff were discussed and Representative Flood, of Virginia, made a speech on the Jamestown Exposition.

Tom Whitfield, Charles Cecil and Will Stewart, colored, were arrested yesterday morning by Sheriff Seymour Jeffreys and placed in jail in Greensboro, N. C., for robbing John Donnell, a trackwalker for the Southern Railway, of his watch and a small sum of money. They drew revolvers on Donnell and threatened to kill him if he did not hand over his valuables. Sheriff Jeffreys got on their trail and overtook the bandits at Browns Summit, a few miles north of Greensboro. Stewart did not give in until the sheriff had shot him three times. The shots took effect in his body and legs, but were not deemed fatal.

M. E. Church South.

The second day of the General Conference of the Methodist Episcopal Church South, at Birmingham, Ala., yesterday witnessed a considerable increase in attendance. A memorial from north Georgia asked for further time for division of the Conference. Another memorial wanted defined the authority of the president of the conference in the establishment and support of missions. The Memphis Conference asked that authority to license persons to preach be restored to quarterly conference. Among the other memorials were the following:

Louisiana Conference, relative to the amendment of the law on the trial of traveling preachers and hearing appeals; German Mission Conference, to publish a German catechism; Florida Conference, that ordained parties be allowed to administer the sacraments of the church and celebrate their rites; that the General Conference authorize the book committee to expend \$50,000 in the publishing house in China. This latter memorial was signed by Collins Denny, chairman of the book committee. Another memorial asks that the General Conference elect a book agent and assistant agent, and that there shall be an establishment in Nashville for manufacturing and publishing books.

V. M. I. Investigation.

The legislative committee investigating conditions at the Virginia Military Institute held a short session yesterday and the final meeting will take place today. Yesterday in company with General Shipp, the committee made an inspection of the barracks, section-rooms, hospital, gymnasium and other buildings. They found many of the departments lacking in proper facilities and equipments. Col. W. T. Pogue, the treasurer, was called on to give information in his department, and the committee made an investigation of his books, accounts, etc. They found everything correct. W. R. Beaton, proprietor of the laundry, was put on the witness stand on account of certain complaints against the service rendered. He testified that care was exercised in handling cadets' clothes, although they were not listed as required by regulations. Cadet Captain Head testified that complaints were frequently heard of cadets losing their clothes at the laundry.

Fifty-ninth Congress.

Washington, May 5. SENATE.

The Senate was not in session today, having adjourned yesterday until Monday.

HOUSE.

Speaker Cannon announced the following appointments:

Board of visitors to the Navy Academy—Mr. Roberts, of Massachusetts; and Mr. Lilly, of Connecticut; republicans; and Mr. Gregg, democrat, Texas.

Board of visitors to the Military Academy—Mr. Holliday, of Indiana, Mr. S. W. Smith, of Michigan, republicans; and Mr. Wiley, democrat, Alabama.

Suit Against the B. & O. R. Co.

In the United States Circuit Court of the Northern district of West Virginia in Clarkburg a writ was filed by a suit brought yesterday by the Federal Coal and Coke Company, of West Virginia, against the Baltimore and Ohio Railroad Company and the Fairmont Coal Company, alleging discrimination against the plaintiff company in furnishing transportation of coal from the plaintiff's mines and conspiracy to wreck and cause financial ruin to the plaintiff with the intent to bring about the forced sale of the plaintiff's property. The Federal Coal and Coke Company claims that by reason of the discriminations against the plaintiff in favor of the Fairmont Coal Company the plaintiff has suffered actual damages to the amount of \$700,000, and a claim of exemplary damages in the sum of \$50,000 is set up which the plaintiff by this suit seeks to recover.

Fire at Knoxville.

Fire broke out at midnight in the Commerce building, on Gay street, just north of Vine Avenue. Flames were first discovered in the basement of the Littlefield and Steers Company store, and although the firemen poured many streams of water into it, the flames got away from them and creaked all the floors. Next door south is the wholesale shoe store of the McMillan, Hazen Company. At 1 o'clock's appearance was that nothing can save it from destruction. Next south is the building occupied by the McBee-Hambrick Company and adjoining it is the wholesale whisky house of R. L. Gate & Co. At 1:30 o'clock the loss had not been less than \$175,000. If the McMillan store and stock are destroyed they will swell the loss figures to over \$300,000. The entire fire department was on the scene, but was unable to do effective work.

Virginia News.

The Kinser farm, near Calverton, has been sold for \$9,000 to John F. Flynn, of Dakota.

James D. Hall, jr., has purchased the Wallace property, in Fauquier county, for a residence. The price paid was \$12,000.

Rev. Austin Everett Owen, D. D., one of the most popular Baptist clergymen in Virginia, died at St. Vincent's Hospital, Norfolk, yesterday, after a brief illness, in the sixty-ninth year of his age.

The State Corporation Commission yesterday chartered the Poe Memorial Association, composed of Rev. E. N. Oelisch, Joseph E. Willard, W. Gordon McCabe, James E. Cannon and C. N. Graves. The association is to erect a monument to the poet.

W. F. Shankle, a brakeman on the Southern Railway, was run over and killed by a passenger train near Danville, yesterday. Shankle was engaged in transferring several freight cars in the yards, and stepped directly in front of an outgoing train, bound for Richmond. Jacob D. Kiger, a prominent retired business man, of Winchester, who went totally blind several months ago, suffered a severe stroke of paralysis recently, but yesterday was reported improved and his eyesight has been completely restored. Doctors regard his case as marvellous and legs, but are not deemed fatal.

Miss Marjorie Peters Watts, daughter of Judge and Mrs. Leitch R. Watts, of Portsmouth, was married Thursday evening at the home of the bride's parents, to Mr. Edward Watts Mappin, Jr., Bishop A. M. Randolph, of the Episcopal Diocese of Southern Virginia, and Rev. W. A. Brown, of St. John's Church, performed the ceremony.

A report that Representative Sloop will retire from Congress and use his influence to have the nomination as his successor go to Barcon Sloop, his son, is being circulated. The report is that the fight over the reappointment of Brown Allen to the marshalling of the Western District of Virginia is responsible for the retirement of Colonel Sloop.

Pasquale Paris, an Italian laborer, and Rocco Coronto, an Italian baker, at the Tidewater camp of Mason, Mundy & Company, near Oakvale, W. Va., were taken to the hospital at East Radford, yesterday, after being wounded in a riot. The men were wounded in a riot in a school yard, which started over 20 cents Paris fired upon the baker, who was at work kneading bread.

News was received in Petersburg yesterday of a most destructive cyclone in Brunswick county, about three miles from Grandy station, on the Seaboard Air Line Railway, which was accompanied by a heavy fall of rain and hail and the most vivid lightning. Barns and fences were blown down and immense forest trees uprooted and leveled to the ground. The saw mill of the Denton Lumber and Box Company, of Martinsburg, was completely destroyed, and fourteen men who were at work in the mill at the time were caught under the fallen rafters and timbers, but strange to say none of them was seriously injured. The tornado continued for about half a minute and then there was perfect calm. It covered a very large area.

Hospital Examination.

Yesterday's investigation at the Eastern State Hospital was most interesting, in part because conditions existing at the hospital were contrasted with the conduct of the colored State Asylum at Petersburg. Dr. Harrison, assistant to Dr. Foster at Williamsburg, was formerly engaged at the Petersburg Hospital under Dr. Drewry. He was questioned at length by Chairman Sadler and was cross-questioned by Mr. Lawless, counsel for Superintendent Foster. Chairman Sadler announced that Dr. Drewry himself would be brought to Williamsburg to testify before the committee yesterday. Dr. Harrison testified that he is criticized methods in vogue at the Eastern State Hospital and expressed the opinion that negroes at Petersburg fare better. It was brought out in the course of his testimony that persons who die at the Eastern State Hospital are not examined, but that certificates of death are simply issued.

Concerning the beef supply, he said that he had eaten no tainted beef, though he had heard complaints of bad beef. He added the further statement, which was heard with great interest, that two quantities of beef were bought.

He had never known ducks or oysters or delicacies of that kind to be served to patients, though such purchases appeared to have been made by the board. The witness was questioned at some length as to strait-jackets when he came to the Eastern State Hospital. He condemned the use of strait-jackets upon cross-examination on this subject by Mr. Lawless witness admitted that he had heard of the use of the strait-jacket but defended that action on the ground that he was along with one attendant dealing with a powerful man, in the presence of 80 other patients.

It was decided by the committee to admit Dr. Foster into the room, inasmuch as he was supposed to be in the position of a person accused. Mr. Lawless wanted to throw the doors open to all persons, but Chairman Sadler insisted that the enforcement of the committee's rule that witnesses shall be excluded unless some accusation is made against them.

Among the committee's it is a subject of considerable adverse comment that the State, while charging for the maintenance of inmates, where the inmates' estate is worth anything, at the rate of \$260 a year, expends on patients an average per capita of only about \$128. In other words, the State appears to be in the position of making a profit of 100 per cent. on inmates whose estates are worth as much as \$260.

A rumor says that charges involving patients and attendants in grave scandals will come out before the examination closes.

Chamberlain's Cough Remedy has been the most popular remedy for coughs, colds, croup, whooping cough, and all other respiratory ailments. It is a household name and is sold everywhere.

New York Stock Market.

Today's Telegraphic News.

Altoona, Pa., May 5.—The most disastrous accident on the Pennsylvania Railroad since the disaster east of Harrisburg, nearly a year ago, occurred last night at 11 o'clock on the Petersburg branch, about 500 yards east of Clover Creek Junction. The Chicago Mail, eastbound, and Chicago and St. Louis Express, westbound, two of the fastest trains on the system, going at full speed, met head-on. Seven cars were wrecked, and both engines damaged. Ten persons were killed and about 27 injured. The disaster was indirectly due to a freight wreck on the Middle Division, at 8:24 p. m. when twenty-one loaded cars on an eastbound freight train were wrecked at Union Furnace, about 20 miles east of here, blocking all tracks. The cause of that accident is attributed to a burst air hose. In order to avoid detection of train passenger traffic was sent over the Petersburg branch.

The Pennsylvania special, the 18-hour flyer, was the first train to pass around and make the trip safely. Train No. 21, the Chicago and St. Louis express, was the next train to be sent west bound over the branch. It collided with No. 18, the Chicago mail, going in an opposite direction, on a single track, near Clover Creek Junction. Both locomotives were wrecked. Six cars of No. 18, five mail cars and a coach were caught in the smash up. The accident appears to have resulted from a misunderstanding of orders on the part of the train crew of the Chicago & St. Louis express.

England and Turkey.

London, May 5.—Uneasiness is felt here regarding the outcome of the ultimatum sent by Great Britain to Turkey demanding the evacuation by Turkish troops of Tabas. It is believed the Sultan will back down at the last moment and will withdraw his troops from the disputed territory. In case of Turkey's failure to do this, England will seize several Turkish ports, including Salonika, and hold them until the Sultan comes to terms. Only as a last resort will England send a military expedition to Tabas. This would be a very costly undertaking, and it is not believed that it will be necessary. Before doing this England is expected to force the Dardanelles and make a demonstration before Constantinople. The Mediterranean squadron of eight battleships and the third cruiser squadron of four armored cruisers under the supreme command of Vice Admiral Lord Charles Beresford, will remain in the vicinity of Turkish waters during the next ten days before the ultimatum takes effect, under sealed orders, to be ready for any eventuality.

Novel Trade Agreement.

Scranton, Pa., May 5.—A novel trade agreement was entered into this morning, when the street car men's union accepted as a solution of many difficulties of several years, standing a proposition of the company granting the men an increase of two cents an hour, and making it impossible to call a strike without the consent of the company. There was some opposition at first to the acceptance of the agreement on account of the ten-year clause. It was shown, however, to the satisfaction of the men that all the ten-year provision does is to insure uninterrupted peace and not to prevent the union from securing any just demands that it may wish to make on the company before the expiration of the long period. Every three years the men may reopen negotiations for the settlement of wages or any other grievance. Arbitration is made the court of last resort.

Riotous Strikers.

Pasadena, N. J., May 5.—There was a serious riot here this morning in which 300 Italian strikers were the aggressors, during which at least eight of the rioters are known to have been shot and one policeman injured. It is thought that the riot was expected to live. Union laborers who have been employed on a new building on Lexington avenue have been on a strike for some time. This morning the employers determined to put non-union men at work. When the strike breakers started to work a crowd of the union men appeared and riotous proceeding followed with the result given above.

Steamer Encased in Ice.

Vladivostok, May 5.—The Russian blockade running steamer Sorahay, which disappeared last autumn while awaiting orders in regard to the landing of a cargo of arms at Vladivostok, has been discovered at Niklayevsk, near the Amur river, completely encased in ice. The bodies of twenty members of her crew frozen stiff, were found on the steamer. It is supposed that while the vessel was waiting for instructions pending the outcome of the peace negotiations she became lost and was caught in the ice. The crew probably was unable to escape and so perished on the steamer.

Wife-slayer Sentenced.

Malone, N. Y., May 5.—Herbert Miller, of Sagadahoc, who has been on trial all this week for shooting and killing his wife last October, was permitted to plead guilty to manslaughter, first degree, this morning, after the evidence was all in. Judge H. T. Kellogg sentenced Miller to Clinton prison, Dannemora, for a term of sixteen years at hard labor.

Jumped from Eiffel Tower.

Paris, May 5.—A sensational suicide occurred here last evening. A man named August Baran, of Cincinnati ascended the Eiffel tower to the second landing and jumped off. The body turned in the air several times and struck the lower landing with terrible force. Death was instantaneous. No cause is known for the suicide.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When a man goes on a strike, they quickly settle the trouble and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25c at E. S. Leab's and Sons', druggists.

New York Stock Market.

New York, May 5.—The market developed decided strength shortly after the opening under the lead of Reading, which was dealt in on a large scale and in urgent demand for both long and short account. The opening was at 121 and advanced to 124, although as far there had been no actual news. In the rest of the list the feature was hurried and urgent covering of shorts.

For a painful cure there is nothing like Dr. King's New Life Pills. There are a host of imitations of Dr. King's New Life Pills on the market—see that you get the genuine. Sold by W. F. Creighton & Co., 401 King St.

VOTED NOT TO STRIKE.

Miners' Convention Acc. to Award of Strike Commission for Another Three Years.

Scranton, Pa., May 5.—When the miners' sub-scale committee empowered by the anthracite convention to make a recommendation to the delegates as to what action would be advisable as a solution to the present difficulties, met again this morning at 10 o'clock at the Hotel Schadt, the peace and war parties on the committee continued their fight for the mastery of the situation. Friends of peace are strangely confident that they will win out. It was unofficially stated at 9:30 o'clock that the scale committee would recommend a peace proposition to the convention.

Wilkes Barre, Pa., May 5.—The Leader in an extra at 9:30 this morning said: "There will be no strike in the anthracite coal regions. That will be decided by the delegates in convention assembled this morning, upon the direct recommendation of President Mitchell."

Scranton, May 5.—The convention at 10:45 o'clock adopted the resolution accepting the award of the strike commission for another term of three years. This means no strike in the anthracite coal regions. The sub-scale committee will meet with the coal operators Monday in New York to secure assurance that there will be no discrimination. The vote to adopt the resolution was unanimous.

When the convention went into star chamber session the scale committee presented a report recommending that the miners return to work under present conditions.

President Mitchell made a strong anti-strike speech in which he said that he would never consent to the proposition of the arbitrators for limited arbitration. He declared that what the miners had secured by strikes they proposed to keep. Mr. Mitchell said in part:

"Rather than accept restricted arbitration, it is far better that we continue at work under the award of the commission. I am afraid the commission would reduce the wages of the highest paid men and give it to the lowest paid men. That might seem fair to the commission, but it would be far from fair to us. What we must do is to raise the lowest paid men to the standard of the highest paid men. That there should be an increase of wages there is no question. If I were sure that a strike would be successful, that you would stand firm and long enough, I should advise you to strike and remain out, but from information which we have I am fearful that our people are not inclined to strike. It would be a strike in which many of our people are not in sympathy. Mr. Mitchell's speech was received with cheers. He was followed by W. B. Wilson, secretary-treasurer of the union.

Duel With Shotguns.

Raleigh, N. C., May 5.—A double fatal duel with shotguns was fought by two farmers in Orange county, N. C., about forty miles from Raleigh, yesterday. The fight grew out of a dispute over the ownership of a lot of block-iron corn whisks, and resulted both participants are today in the hands of a undertaker. Andrew Pool and John Moss, who were well known in that community, are the dead men. The former leaves a widow and six children.

Colonial Dames Elect.

The Council of the National Society of Colonial Dames of America, in session in Washington, elected officers yesterday, most of the old officers being re-elected. They are as follows: Mrs. Howard Townsend, of New York, Honorary President; Mrs. William Rufus Cox, of Washington, President; Mrs. Lyster, of Michigan, First Vice-President; Mrs. Barrett Wendell, of Massachusetts, Second Vice-President; Mrs. Jamison, of New Jersey, Third Vice-President; Mrs. L. W. Smith, of Washington, Assistant Secretary; Mrs. Cassatt, of Pennsylvania, Treasurer; Miss Wharton, of Pennsylvania, Historian, and Mrs. Nathaniel Bacon, of Rhode Island, Registrar.

Today's session brought the council to a close. The Dames were received by the President at 2:30.

Fire early this morning gutted the Commerce building in Knottsville, Tenn., the loss is estimated at \$50,000.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by a local application of the HALL'S CATARRH CURE. This is a medicine that is taken internally and it reaches the diseased portion of the ear by the natural circulation of the blood. It is a perfect cure, and when it is entirely cured, deafness is the result, and unless the inflammation is removed, and this tube is restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give you One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for particulars free. F. J. CHENEY, D. C. O., Toledo, O. Investigation Concluded.

The Board of Police Commissioners at their meeting last night virtually concluded the investigation of the members of the police force. Continuous meetings have been held for nearly a month, during which time evidence had been secured concerning the working of the force, the inspection of the beats, the manner in which the business of the police department is conducted at the station house, the official conduct of each member of the force, &c. During the investigation witnesses who have from time to time appeared before the board have testified concerning delinquencies upon the part of certain members of the police force. These relate to failure to properly patrol their beats while on duty and violation of certain rules for the government of the force. Formal charges will be preferred against the officers involved within the next few days.

As heretofore stated, the commissioners have conducted these investigations in executive session, doubtless for good reasons. When the trial of the accused policemen shall begin the names of such, together with the charges against them, will be made known and the defendants given every opportunity to rebut whatever is urged against them.

Should the commissioners deem the charges against any of the officers sufficiently grave to warrant dismissal those disposed can appeal from their decision of the board to the Corporation court.

Increased Demand.

The Emerson Pump Company is still busily engaged in filling orders. A carload of their patent steam pumps was shipped to Welsh, Louisiana, today. The works are greatly increasing the number of orders. Pumps manufactured by the company are sent to all parts of the United States and Mexico, and the company will soon be compelled to enlarge their plant in this city in order to meet the demands upon it.

Fell Into the Tunnel.

A boy named Edgar Batcliffe while playing on top of a pile of lumber last night on Wilkes street, between Fairfax and Royal, fell into the tunnel, a distance of about twelve feet. Some of the planks fell with him. He was painfully but not seriously injured. Lumber has recently been piled against the wall of the tunnel, and boys of the neighborhood divert themselves by climbing upon the same.

The Market.

There was an average display of country produce in the market this morning. Considerable green stuff, in the shape of cabbage cuttings, kale, spinach, &c., was on the benches. Spring onions, lettuce, radishes, rhubarb, &c., were plentiful. There was a fair display of flowers, lilacs predominating, and the odor permeated the entire market. Prices were about as last Saturday.

Reception.

Ladies of St. Mary's Church are making arrangements to tender Rev. Father Kavanaugh a reception at St. Mary's Hall next Monday night. Father Kavanaugh, who is from Boston, has spent several months in Alexandria as a guest of Rev. Father Cutler, during which time he has made many acquaintances and formed lasting friendships. The reception will be a mark of the appreciation in which he is held.

Narrow Escape.

A car of the Washington, Alexandria and Mount Vernon Railway jumped the track on the steel bridge over the tidal basin at the foot of Fourteenth street, Washington, yesterday morning, and had it not been for the railing the car and its occupants would have been precipitated into the river. Fortunately no one was hurt. The steel work was considerably damaged.

New Registrar.

The Electoral Board has appointed Mr. Conrad Schwab registrar for the Second ward to fill the vacancy caused by the death of Mr. George H. Bosart.

Personal.

Dr. G. W. Carrington, Grand Secretary of Masons, in Virginia, is in the city the guest of Capt. K. Kemper.

Mrs. V. J. Morton very charmingly entertained the Colonial Dames at the Christ Church rectory, yesterday afternoon.

Mrs. Wm. A. Moore, jr., has returned after a visit of several weeks with his sister, Mrs. Piser, at her home in New York State.

Dr. John Janney Lloyd, jr., of Maryland, Ala., and Miss Frances Wait, daughter of Mr. and Mrs. Charles E. Lloyd, of Knoxville, Tenn., are to be married at St. John's Episcopal Church, Knoxville, on Thursday night, May 17th, at 8:30 o'clock, and the officiating minister will be Rev. Dr. J. J. Lloyd, of Lynchburg, assisted by Rev. Dr. Arthur Lloyd, of New York, respectively father and uncle of the groom. Dr. Lloyd has many friends and relatives in this city.

Mrs. T. Marshall Jones at her residence on Prince street on Thursday afternoon most charmingly entertained her friends at a buffet luncheon and bridge game. The prizes were beautiful.

Tomorrow will be the first anniversary of Rev. Dr. Fisher's pastorate at the Baptist Church, and services appropriate to the occasion will be held at that church. On Monday night Rev. Dr. Dunnaway, of Martinsburg, will address the Young Peoples' Society of that church.

Mr. Raleigh Lockett, a son-in-law of Mr. B. H. Harlow, who is in charge of Washington today came in collision with a street car and was quite painfully hurt. His many friends here hope he may soon recover from his injuries.

Miss Mary Balesky, who has been visiting relatives in this city, returned to her home in Reidsville, N. C., this morning, accompanied by her cousin, Miss Irene Lambert.

Maj. R. H. Hunter was in the city today.

Police Court.

[Justice H. B. Oxten presiding.] The following cases were disposed of last night:

Fannie Washington, colored, arrested by Officer Nicholson, charged with abusive language, was dismissed.

Ernest J. Page, colored, arrested by Officers Knight and Lyles charged with stealing rope from J. H. Alexander, was fined \$5.

Allen Bell, colored, arrested by the same officers charged with stealing a keg of beer from Owen Nugent, was fined \$10.

Two white men, arrested by Officer Jones charged with cruelty to a horse, were fined \$2.50 each.

Mamie Jackson, colored, arrested by Officer Knight charged with disorderly conduct, was fined \$5.

The following cases were disposed of this morning:

Stephen Clements and Emma Groves, arrested by Officers Gill, Jones and Young charged with being drunk in the street, were dismissed.

Elen and Mary Gigsby, colored, arrested by Officer Beach for disorderly conduct, were fined \$2.50 each.

Albert Brown, colored, arrested by the same officer charged with disorderly conduct and fighting, had his case continued.

Reinicker Lectures.

The second course of Reinicker lectures for this session will be delivered by Bishop Pare, of Maryland, at the Episcopal Theological Seminary, near this city, on Monday, Tuesday and Wednesday of next week, May 7th, 8th and 9th. The lectures on Monday and Tuesday will be at 5:30 p. m. and on Wednesday at 12 m. The subject of the course is Sunday School Methods and Work. Bishop Pare is, of course, a great interest in this important subject and it is expected that his lectures will be of value and interest.

Funeral.

The funeral of the late Mrs. Myra Lee Cavalier took place at one o'clock this afternoon from Christ Church, and was attended by numbers of relatives, friends and acquaintances of the deceased. The services were conducted by Rev. Mr. Morton and the pallbearers were Messrs. W. W. Parson, Eugene Morgan, J. Harris Franklin, Wm. Clabaugh, D. A. Appich and Dr. Thos. Gibson. The interment was in Ivy Hill cemetery.

Contributions.

The following contributions to the San Francisco relief fund were forwarded today through the First National Bank to the Red Cross Society: J. K. M. Norton, Lewis Hoff, and J. K. Elliot, \$5 each; P. M. Hill, \$20; J. W. Summers, \$5; Senior Bridge Club, \$10; Trinity M. E. Church, \$70.75; Wardell and Hall, \$5; St. Paul's Church, \$58.15. Total, \$183.90.

Hand Severed.

A young man named Benjamin Ball was the victim of a distressing accident at Jones's saw mill near Burke's station, Fairfax county, a day or two ago. One of the youth's hands came in contact with a circular saw which almost severed the member. A surgeon who was summoned subsequently amputated the hand.

Circuit Court for the County.

[Judge C. E. Nicol presiding.]

Logett et al. vs. Robertson et al.; a suit involving the ownership of certain lands near Fort Myer Heights; arguments heard and case taken under advisement.

Court adjourned for the term.

When Names Must Be Filed.

Under the laws of Virginia, all who intend being candidates for the City Council at the election to be held June 12, must file their names with the clerk of the City Court twenty days prior to the election, and not ten days, as was published yesterday afternoon.

Badly Burned.

John, the fifteen-year-old son of Mr. John Davis, living on the north side of Prince street, between Fairfax and Pym, was seriously burned this morning. Young Davis lit a gasoline stove, which had recently been leaking, and almost as soon as the match was applied the stove was ablaze. The youth, fearing the house would be destroyed, picked up the stove and started with it into the yard. By the time he got out of the house his clothes were burning and in a few seconds the flames were running all over his body.

In his distress he dropped the stove, calling upon it. Neighbors rushed to his relief, but before they reached the unfortunate youth he had been terribly burned on the arms, face and neck. Dr. Moore, who was summoned, had the boy taken to the Alexandria Hospital for treatment. The accident caused an alarm of fire to be sounded. The damage to the house was slight.

Literary Debate.

First annual dual contest between the Fairfax and Blackford Literary Societies of the Episcopal High School of Virginia took place last night. The following was the programme:

Declaration, Hubert and Arthur, by Ambler Mason Blackford, of B. L. S.; reading, The Mad Engineer, by George Washington Lewis, of F. L. S.; declamation, Mark Anthony's Oration, by Robert Warner Wood, of F. L. S.; reading, A Modern Miracle, by Ambler Mason Blackford, of B. L. S.

Debate—Question: Are Colonial possessions conducive to the best interests of the United States?

Affirmative, George Washington Lewis, F. L. S.; negative, Forrest Augustus Brown, B. L. S.; affirmative, William Jackson Mann, jr., F. L. S.; negative, Kent Bruce Hall, B. L. S.

The contest was won by the Blackford Society.

Track and Field Meet.

The interscholastic track and field meet is being held at the Episcopal High School near this city this evening and a large crowd is in attendance. The weather is all that could be desired and schools in Maryland, Washington and Virginia are competitors in the games.

LOCAL BREVITIES.

The mercury at noon almost reached the 80° mark.

Made Happy for Life.

Great happiness came into the home of St. C. Blair, school superintendent, at St. Albans, Vt., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Balm, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and hysteria. Guaranteed by E. S. Leadbeater & Sons' drug store. Price 10c.

ABOUT RHEUMATISM.
There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? SATURDAY EVENING, MAY 5, 1906.

Stonewall Jackson.

The following extracts are taken from

a paper written by Mrs. Robertson,

giving an account of an incident con-
nected with the death of Gen. "Stonewall"

Jackson, whose life is the subject

for study by the U. D. C. Chapters

next month. Mrs. Robertson is the

mother of Mrs. L. B. Joiner, of this city.

Capt. Boswell was Mrs. Robertson's

brother.

Capt. James Keith Boswell was born

in Fauquier county, in 1840. At the

opening of the civil war he was chief

engineer on the Mobile and Montgomery

railroad. He enlisted in the Confederate

army as soon as the first Sumter fell,

and was assigned to duty under Gen.

Magruder, with whom he served until

Gen. Jackson went to Harper's Ferry,

when he fought and obtained permis-
sion to join him.

He was always by Jackson's side

in every engagement. At the bloody

battle of Chancellorsville, he fought

with conspicuous bravery and was pro-
moted on the field to the rank of major.

That afternoon, when Jackson and his

staff rode out on that ill-fated inspec-
tion, he rode on Jackson's right hand,

and was close to his side when that

terrible volley deprived him of his life

and Jackson of his right arm.

A short time after, when Jackson's

arm was amputated, he inquired after

the fate of Capt. Boswell. He was told

that he was dead and would be buried

that evening. "Doctor," said the Gen-
eral, his eyes filled with tears,

"I please myself in Boswell's coffin."

I would like to have Jim and my-
self reburied together." After the war,

Capt. Boswell's remains were re-
moved to Fredericksburg, Va. There,

lulled by the soft breezes of his native

State, in sight of the views he loved, the

young soldier lies, his last resting place

marked by a beautiful column given by

the surviving members of the staff and

in his coffin lies entombed the right arm

of Gen. Stonewall Jackson. [Waycross,
Ga., Journal.]

Jim Crow Cars.

Citizens of the Northwest (Washing-
ton) Suburban Association had an ex-
citing time at last night's meeting at

Masonic Hall, Tenallytown, and passed

some important resolutions. They had

under consideration the curtailing of the

power of the commissioners of the Dis-
trict of Columbia in regard to the ap-
pointment of the board of education by

placing the power in the hands of the

Supreme Court judges, the action of the

district commissioners in passing upon

various bills concerning the welfare of

the people without consulting the citi-
zens, and the "Jim Crow car" bill, re-
cently introduced in the House of Repre-
sentatives by Mr. Hefflin, of Alabama.

Resolutions seeking to correct the first

two evils were passed, and after a little

partisan quibbling, the resolution ad-
vocating the "Jim Crow car" was laid

on the table, to be considered at the next

meeting of the association.

A Year of Blood.

The year 1903 will long be remembered in

the annals of F. Y. Tackett, of Adams, Ky.,

as a year of blood; which flowed so copiously

from Mr. Tackett's lungs that death seemed

very near. He writes: "Severe bleeding from

a fine lung and a fine lung and a fine lung

came at death's door, when I began taking

Dr. King's New Discovery for Consumption,

with astonishing results, and after a little

time four bottles were completely restored and

time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds.

Dr. F. S. J. and his family are now using it.

Price 50c and \$1.00. Trial bottle free.
